# Visit to Village flagship program

Industry Centre for Grassroots Institute of Technology (NIT) Srinagar in collaboration with Grassroots Innovations Augmentation Network (GIAN) J&K Thursday held a daylong program at Government Degree College and Government Higher Secondary, Dooru Anantnag.

V2V was recently started by NIT Srinagar aiming to connect innovators in remote villages with institutes providing facilitation, mentorship, and exposure. It aims to foster and nurture the culture of innovations.

In his message, Director NIT Srinagar, Prof. Rakesh Sehgal said the unique program was undertaken by the IIED Centre of NIT Srinagar to find in-situ creative and innovative solutions by involving the local communities, local students, teachers, and traditional knowledge holders.

"The program is aimed at innovative and creative solutions to mitigate and solve ecological, social, and eco-

volving local committees," he said.

Head, Innovation, Incubation & Entrepreneurship Development Centre (IIED), Professor Saad Parveez thanked the participants, especially the local students, innovators, IIED and MBA students, GDC Dooru, faculty members especially Tauseef Ahmad, faculty of GDC Dooru & Government Higher Secondary School Dooru for their interest in promoting innovation culture in the society.

He said the event is the first organized effort in the direction of sensitization of people to encourage grass root innovations. Prof. Saad also announced a decision

tions.

They talked about many success stories which have emerged in the region and asked the participants present to be innovative and come forward to do bigger things in life. Both of them gave a detailed account of how GIAN J&K is always ready to encourage young innovators and entrepreneurs in every possible way.

Dr Sheikh Fayaz Innovation researcher in his special address highlighted the role of IIED Centre NIT Srinagar, GIAN J&K in promoting the talent of the young innovators and said that this has set an atmosphere of creativity in motion among young students.

## Brief Introduction

Today innovation is everyone's business!  
Whether you are a visionary or manager, or a global corporate or entrepreneur starting up, or a government body, or a family business  
Everyone is expected to learn to do more & better with less.  
And that's why we all need to embrace Design Thinking.  
At every level in every kind of organization.  
Design Thinking provides the tools you need to become an innovative thinker  
and with IP Rights – Protect Your Invention to uncover the opportunities that are there – you're just not seeing them yet.

Speakers jointly pitch for joint efforts for the preservation of the environment and ecosystem

## NIT Srinagar celebrates World Environment Day

Speakers jointly pitch for joint efforts for the preservation of the environment and ecosystem

Srinagar, June 05: National Institute of Technology (NIT) Srinagar on Sunday organized the 2nd edition of the environmental symposium titled 'Our Relation With Nature' in collaboration with PSA, Institute's IICE Student Chapter, and Nigeen Lake Conservation Organization (NLCO).

The function was presided over by the Prof (Dr.) G A Harmain (Former Dean R&C) and was the chief guest for the award ceremony. Prof. Harmain urged students to protect and conserve the environment at the individualistic level.

In his message, Director NIT Srinagar, Prof. (Dr) Rakesh Sehgal highlighted the objectives of world environment day and stated that the administration is committed to supporting all pro-environment initiatives.

He said the slogan for World Environment day 2022 is "Only One Earth", which focuses on living sustainably in harmony with nature. Our planet is facing multiple crises from climate change to loss of biodiversity and an increase in carbon emissions," Director NIT conveyed.

Registrar Prof. Syed Kaiser Bukhari in his telephonic message said that engineers have an important role in society and they are called builders of any nation. He laid emphasis on importance of forests and their role in

the environment.

Chairman NLCO, Manzoor Ahmad Wangnoo said that in Kashmir, we have polluted each and every water body and wetlands and have turned them into the most terrible condition.

He said the objective of celebrating environment day is to make the younger generation more sensitive toward environmental protection, particularly water bodies. He mentioned Khushalsar in his address.

Chairman, PSA G N Var, who supported the event said trees play an essential and important

part in our ecosystem. Planting saplings is a future investment and we must encourage such practices on our campus. He coordinated the school children from almost all districts of the valley.

He appreciated the MA Shah's efforts in organizing such events on the campus. He said PSA will be holding such events in the future also.

Dr G N Qasba, in his address, said that we have to preserve the environment and gave importance to cleanliness. He has made emphases treatment plant for waste near NIT Srinagar. In his brief address

he has appreciated Dr Shah for such wonderful programmes.

Shri M S Pandith, Former Chairman PSC, in his speech asked students to take active part in conserving the eco system. "Both engineers and environmentalists can work jointly for a sustainable government. We need joint efforts to preserve the environment," he said.

HoD Physics, Prof. MA Shah was Chairperson of the symposium, while Dr. Tanveer Rasool and Dr. Zubeir Ansari were the coordinators for the day-long program.

In his keynote address, Dr. Shah highlighted the importance of forests and their role in the environment. He said the main goal of the program was to encourage students to take a leading role in protecting the environment at grass root level.

He expressed his gratitude to Director NIT Srinagar Prof. Sehgal, Prof M F Wani and Registrar NIT Prof. Syed Kaiser Bukhari for their support in organizing such events on the campus.

The event was followed by Quiz, debate, Essay and painting competitions. A galaxy of Students volunteers of Eco Cult headed by Mr Fenil and IICH E have coordinated these segments.

Prof M S Mir, Dean Alumni, who felicitated the guests, faculty members, and students for making the event successful. He also pitched for a safe and clean environment. "From climate change and marine pollution to the depletion of flora and fauna, environmental issues have only increased with each passing decade," Prof. Mir said.

Later the winners of these events were felicitated by galaxy of guests, Prof Mir, Prof Harmain, Prof N A Sheikh, Mr Var, Mr Ashai, Mr Wangnoo and Er Ijaz Naqashbandi and other dignitaries. The proceedings were conducted by Miss Sane and her team of Eco Cult.

'We should take benefits from such machines and allot small projects to our students' Prof. Sehgal

**Srinagar:** A week-long high-end training workshop on '5 Axis CNC Machine' began on Wednesday at National Institute of Technology (NIT), Srinagar, and more than 150 participants attended the inaugural session of the event. The program is organized by the Department of Mechanical Engineering, and Innovation, Incubation and Entrepreneur Development Centre (IIEDC) and is sponsored by the Science and Engineering Research Board (SERB), under Accelerate Vigyan (Kaaryashala scheme) of DST. The inaugural session of the workshop was presided over by Director NIT Srinagar, Er. Hafeezullah Khan was the chief guest for the session while Dr. Dinesh Kumar Rajendran is the coordinator of the program. In his presidential address, Director NIT Srinagar, Er. Hafeezullah Khan, said that the workshop is a step towards the public-private partnership at our end. We have designed high-tech labs not only to be utilized for academicians but we invite practitioners from diverse fields to visit our labs and utilize them in the best possible manner. He also stated that NIT's NIRF ranking also jumped 150+ places this year and two departments also got NBA accreditation. Despite Covid19, placement percentage was also increased during the past two years, he said. Apart from starting new PG courses, Prof. Bukhari said NIT Srinagar has shown tremendous growth in the areas of research and development, which is visible by the number of projects procured by faculty and the number of research articles that have been published in top journals," he said. "I hope that this workshop proves to be a stepping stone towards the public-private partnership at our end. We have designed high-tech labs not only to be utilized for academicians but we invite practitioners from diverse fields to visit our labs and utilize them in the best possible manner."

## Startup Move Beyond Organizes First-Ever Academia Meet On Career Counselling At NIT Srinagar

By KL News Network - 11:16 pm March 20, 2022

**SRINAGAR:** Startup Move Beyond- A Career Counselling School organized one-day awareness cum brainstorming workshop on 'Formulation of a comprehensive career index tool' at National Institute of Technology (NIT) Srinagar.

Startup Move Beyond Organizes First-Ever Academia Meet On Career Counselling At NIT Srinagar

The event was sponsored by J&K Science Technology and Innovation Council.

**Join Kashmir Life Whatsapp Group to stay updated**

Director NIT Srinagar, Prof. (Dr) Rakesh Sehgal was the chief guest on the occasion. "There is no dearth of talent among students but they need proper guidance, counselling at right time to enhance and encourage their capabilities," he said.

Prof Sehgal said there used to be very limited options in the past and today there are huge career avenues.

"The intervention of Move Beyond is apt and timely as there is a need to counsel the students for choosing a particular career path," he said.

## NIT Srinagar, GIAN jointly organises daylong V2V flagship program at GDC Dooru Anantnag

**'We need more such flagship programs to reach out to people: Director NIT**

**SRINAGAR:** The Innovation, Incubation & Entrepreneurship Development (IIED) centre of National Institute of Technology (NIT) Srinagar in collaboration with Grassroots Innovations Augmentation Network (GIAN) J&K Thursday held a daylong program at Government Degree College and Government Higher Secondary, Dooru Anantnag.

V2V recently started by NIT Srinagar aiming to connect innovators in remote villages with institutes providing facilitation, mentorship, and exposure. It aims to foster and nurture the culture of innovations.

In his message, Director NIT Srinagar, Prof. Rakesh Sehgal said the unique program was undertaken by the IIED Centre of NIT Srinagar with an objective to find in-situ creative and innovative solutions by involving the local communities, local students, teachers, and traditional knowledge holders.

"The program is aimed at innovative and creative solutions to mitigate and solve ecological, social, and economic problems faced by people at the margins," he said.

Registrar NIT Srinagar,

Prof. Kaiser Bukhari appreciated the initiative taken by IIED Centre. "Hopefully a lot of new such initiatives will be taken for promoting innovations in rural areas by involving local communities," he said.

Head, Innovation, Incubation & Entrepreneurship Development Centre (IIED), Professor Saad Parvez thanked the participants, especially the local students, innovators, TIED and MBA students, GDC Dooru,

mentor local innovators and extend their support.

Syed Nadeem and Sabzar Wani of GIAN, J&K highlighted that initiatives like V2V & Shodyatra provides a platform for creative innovations.

They talked about many success stories which have emerged in the region and asked the participants present to be innovative and come forward to do bigger things in life. Both of them gave a detailed account of how GIAN J&K is always ready to encourage young innovators and entrepreneurs in every possible way.

Dr. Sheikh Fayaz Innovation researcher in his special address highlighted the role of IIED Centre NIT Srinagar, GIAN J&K in promoting the talent of the young innovators and said that this has set an atmosphere of creativity in motion among young students.

Budding innovator, Naik Qayoom & other young local innovators, Er. Shahrulh Mushtaq, Incubation Manager IIEDC apart from TIED, MBA students of NIT Srinagar and other scholars of various institutions participated in the daylong activity.

## Startup Move Beyond signs MoU with IIEDC, NIT Srinagar

**Both 'Move Beyond' and NIT Srinagar will work jointly for progress of the student community in the region: Prof Sehgal**

**SRINAGAR:** Startup Move Beyond Monday signed a Memorandum of Understanding (MoU) with Innovation and Incubation Entrepreneurship Development Centre (IIEDC) of National Institute of Technology (NIT) Srinagar.

The MoU was signed by Sheikh Inayat Ullah, Founder of Move Beyond, and Prof. Saad Parvez, Head-IIEDC NIT Srinagar.

The main objective of MOU was to reach out to youth of Jammu & Kashmir for success of the International Youth Outreach and Employability Program (IYOEP).

"To help the aspiring youth in fulfilling their aspirations and socioeconomic needs primarily career counseling, awareness programs, mentorship, skill development, life counseling, employability, and rehabilitation," reads the MoU copy.

On the occasion, Director NIT Srinagar, Prof. Rakesh Sehgal, who is also Chief Patron

IYOEP, said that supporting local organisations like Move Beyond for regional development is one of the fundamental responsibilities.

He said proper guidance helps students to analyze their strengths and weaknesses and

helps in finding the perfect career path.

"We hope both NIT Srinagar and Move Beyond teams will work jointly for the progress of student community in the region and organise awareness and counseling programs for

them," he said. In his message, Registrar NIT Srinagar, Prof. Kaiser Bukhari said the signing of this MoU will bring both organizations closer to serving society. "There is no dearth of talent among the youth of Kashmir but there is a need for proper guidance, counseling to enhance and encourage their capabilities.

Prof. Bukhari said all they need is basic handholding which I am sure that Move Beyond shall address this vital issue.

Professor Saad Parvez, Head IIEDC said Move Beyond is a social startup by youth and for the youth. "We are working hard to make this initiative a great success," he said.

Regarding MoU, Prof. Saad said NIT Srinagar shall act as a mentor, patron, mobilizer, and facilitator of Move Beyond, so as to achieve its responsibilities pertaining to objectives to contribute to regional development of the J&K.

Founder and Director of Move Beyond, Sheikh Inayat Ullah said they will work towards youth mapping, identification of potential aspirants, and opportunities at state, national and global levels.

"Move Beyond will also identify structural cum technical bottlenecks and developing solutions. It will task itself to place the potential aspirants at state, national and international level," he said. Sheikh Inayat Ullah said it will also conduct authenticity exercises to avoid fraud or duping of students

and collaborate and engage in partnerships at state, national and international levels for the furtherance of objectives.

"The idea is to inspire and provide direction to the aspiring students who are in the process of making and shaping their careers," he said.

Chief Consultant of startup is Prof Nisar Ali, economist of repute, formerly Adviser to J&K Govt, Higher Education Department.

During the I.G Manoj Sinha visit to NIT this year, Move Beyond was hailed and was promised all financial and administrative support by the administration. The startup has already been connected to the educational institutions in the Kashmir region and the financial support is also being worked out through the Department of Mission Youth, J&K Govt.

Move Beyond has been organizing several free events and webinars that include an awareness event on Fulbright Fellowships at the University of Kashmir, the first-ever international online Career Summit (2020), webinars on Startup Ecosystem in J&K, and fashion designing.

It has also organized Asia's Leading Counselling Meet (2021). Earlier this year, the startup launched its exclusive online educational series 'Career Chat'. Followed by another live series, 'Success Tales' that connects the students with the toppers of different competitive examinations.

# Director NIT Srinagar inaugurates Torus- first design thinking club of Kashmir

**D**irector National Institute of Technology (NIT) Srinagar, Prof. (Dr.) Rakesh Sehgal on Tuesday inaugurated Torus- first design thinking club of Kashmir.

The event was organized by Mechanical Department students 2019-23 and Director along with Registrar NIT Prof. Kaiser Bukhari were guests of honor on the occasion.

The club was inaugurated in presence of the Regional head Electronics Sector Skills Council of India (ESSCI), Virender Diman and Advisor ESSCI, Satyanarayan Moharana, Arun Kumar Singh - Director Sales Phytoc Embedded Pvt Ltd.

While Prof. GA Hamain ( Dean T&C), Prof. Shamim A Lone (Dean Faculty Welfare ), Prof. Nazir Ahmad Sheikh ( HOD Mechanical Department ), Prof. Ajaz Hussain Mir ( HOD ECE Department ), Dr. Saad Parveez ( Head IIEDC ), and Dr. Obbu Chandra Sekhar ( Head T&P ), Dr. Dinesh Kumar R (faculty in charge- Torus) was also present on the occasion.

On the occasion Prof. Sehgal said it is a proud moment for all of us to inaugurate the Torus, which is the rainchild of Dr. Dinesh Kumar Rajendra from the Department of Mechanical Engineering, who has been working very hard and has taken this responsibility in a nice way."

He mandate of Torus is very nice and I have also gone through its brochure also and it appears a great idea to involve UG and PG students in this kind of grand access to the club and great learning for all of it in the campus," he said.

Prof. Sehgal said the club will act as a platform for those students who

are interested in designing courses and they can showcase their talent and skills to be professionals. In his message, Registrar NIT

Srinagar,

Dr. Dinesh Kumar Rajendra said the idea of this club is to help students who have an interest in

all.

"Take up projects which are available everywhere including case studies, social projects,

every level."Our economy is going to back because we are not manufacturing our own product. The primary thing is that engineer should not seek government job rather than creating opportunities for others," he said.

Singh said engineer means create and creation is the best job for anybody," he said.

He also awarded the first design assignment to Torus as an Industry Partner for designing outer casing for oximeter and also accepted to offer the students of NIT Srinagar with design software.

Torus club will be driven by the following student team for the academic year (2021-2022) an around 400 participants including faculties and students joined the event in virtual mode.

Sahil Jangral will be the president of the club, while Malik Arsal Nissar will be its vice president. Shaista Akhtar as Treasurer, Tanveer Gulzar as Secretary, Bonumanthi Chandrasekhar and Youhana Yasodas as Design Managers, Kiran Joshi Singh and Ashika Yadav as event managers.

Manik Showkat and Annu Sharma as its Public Relations Managers, Samreen Zahoor and Ankit Yadav as content manager, Vivek Chauhan and Ayush, social media managers, Kritika Sharma, Sakshi Singh, Jame Bashir as web developers.

Each team has its own student force as members working for giving solutions for industrial problems.

While a formal vote of thanks was presented by Dr. Dinesh Kumar Rajendra. He thanked the guests and all the members of the club for their participation and promise many more such events in the future.

Srinagar, Prof. Kaiser Bukhari said many students were interested in designing but there was no platform but now Torus will help them in exploring their talent. In future, it will organise workshops, and seminars on various topics to help the students, he said.

Prof. Bukhari also appreciated Dr. Dinesh Kumar Rajendra and his team for working hard in creating the design and thinking club at the

creative designing thinking. After the brainstorming exercise, a good team was formulated to manage the club.

He also expressed his gratitude to Director NIT for approving the club on short-term notice, he said. Advisor ESSCI, Satyanarayan Moharana urged students that club should be inter-departmental in nature so that every student can be a member and it should be open to

Srinagar city is among the largest cities in the region and there are many departments who are awaiting resolution of their problems," he said.

Mr. Moharana said they are glad that they are part of the esteemed club. On the occasion, Arun Kumar Singh - Director Sales Phytoc Embedded Pvt Ltd said designing and thinking has good scope in India and we should promote it at

# NIT Srinagar celebrates National Science Day

'We will act always as a platform for young generation': Director

Srinagar, Feb 28: Under the Azadi Ka Amrit Mahotsav celebrations, PG Department of Physics, National Institute of Technology (NIT) Srinagar on Monday celebrated the National Science Day 2022, in which a large number of Class XI-XII Science students from various schools of the valley participated.

The event was organized in association with the Sophisticated Analytical Instrumentation Facility (SAIF), Panjab University Chandigarh Under "Synergistic Training Program Utilizing the Scientific and Technological Infrastructure" Supported by the Department of Science and Technology, Government of India.

In his presidential address, Director NIT Prof. (Dr.) Rakesh Sehgal congratulated Department of Physics especially HOD MA Shah and Dr. Vijay Kumar for taking a lead role in celebrating National Science Day 2022 on the NIT campus.

"By organizing such events, we are in a position to give something back to our society. No doubt we are a professional institution imparting technical and science education at all levels but NIT will act always as a platform for the young generation," he said.

Prof. Sehgal said the theme of National Science Day 2022 is 'Integrated Approach in Science and Technology for Sustainable Future'. It is given by honorable Union Minister for Science and Technology, Dr. Jitendra Singh, he said.

Director said from Medical

sciences to agriculture, India is progressing in every field with science and technology. No technology will be successful until we make it sustainable. Now we are moving towards non-conventional resources, wind, solar energy because people have started thinking about sustainable development, he said.

Registrar NIT Srinagar, Prof. Syed Kaiser Bukhari said no country can achieve sustainable development goals alone, international scientific cooperation contributes not only to scientific knowledge but also to building peace.

"Achieving sustainability in development demands new knowledge, which science and technology must provide. Research and innovation are essential to increase our abilities to deal with sustainable development challenges," he said.

Prof. Bukhari said there is a need to understand a phenomenon and its causes; assess impact, magnitude, time scale, and probability. We need to predict trends the effects of taking specific actions. We need to develop and test solutions; predict outcomes and mitigate harm and make informed policy decisions, he said.

He further said the biological and physical sciences and engineering must work closely with the social and behavioral sciences to speed the application of innovations and insights to the needs of society.

"Although new technologies have made our lives more comfortable and easier. They have also had effects

on us. In the modern world, we have incredible communication technologies but we are alone. We love each other less than before. I believe that we should use these technologies but not let them make our hearts far each other," Prof. Bukhari added.

President Private Schools' Association J&K, G. N. Var said there is a need to encourage and inspire students from a young age so that they can work on scientific innovations and make the world better place to

live besides creating new livelihood opportunities.

Var stressed the preservation of the environment to achieve sustainable development goals. He also highlighted the importance of the National Science Day and its approach in working across disciplines. Appreciating the administration for taking such initiatives, has assured full support for making a smooth trajectory between Schools and NIT Srinagar. Head Department of Physics, Prof.

MA Shah, the goal of the program was to encourage students to take a leading role in science and technology.

"Science in service of humankind is needed more urgently now than ever before. Science produces knowledge and technology implements that knowledge. Fortunately, knowledge is not a limited resource like water, food, and oil," he said.

"In fact, the more you give, the more it develops and expands. It does not diminish, no matter how much it is shared". Thus we at NIT Srinagar can give the greatest gift of knowledge to this region & to the bright minds," he said.

"We at NIT Srinagar with the support of our Hon'ble Director Prof. Rakesh Sehgal and Prof. S.K. Bukhari, Registrar are committed to address and work together with institutions and organizations for all major issues related to SDGs," he said. "There is no doubt that we can provide the scientific and technological work. It will sustain human life not only for us but also for future generations," Shah added.

Earlier, Dr. Vijay Kumar Coordinator, STUTI Awareness Program at NIT Srinagar highlighted the significance of the science day and stated that science and technology have led human civilization to achieve perfection in living. The Science of today is the technology of tomorrow, he said.

In his welcome speech, Dr. Kumar stated that the event was divided

into multiple sections including lectures series, quiz competition, poster/model, and speech competition.

Prof. S Rubab presented a vote of thanks to the guests, deans, HoD's, faculty members, and students for making the event successful. The event was followed by Quiz, Poster, painting, and extempore speech competition. Earlier guests were felicitated by Prof. Ikram, Dr. Zubair, and Dr. Harkirat.

While expert talk on the role of S&T in self-reliance in pre-independent India was presented by Prof. Seemin Rubab. It was followed by another talk on 'Mathematical beauty of Physical World' which was delivered by Prof. Prince A. Ganai.

At the end of the event, the students were sent for a lab tour of Central, Departmental Facilities at the NIT Srinagar. It was followed by certificate & prize distribution to the winning students.

Both Dr. Shah and Dr. Vijay Kumar from Physics department acknowledged the support of Prof. Chaudhary, SAIF Director, expecting future collaborations and has assured to come up with a scientific calendar for the year 2022, which has been declared as year of science by UNESCO.

In his message, Director, SAIF Panjab University, Prof. Dr. Ganga Ram Chaudhary and main coordinator of STUTI said the program was aimed at human resource development and their capacity building through open access to science and technology infrastructure.

**The** Innovation, Incubation & Entrepreneurship Centre (IIEC) at NIT Srinagar has been set up to provide a platform for students to showcase their ideas and projects. The centre is a part of the NIT Srinagar's efforts to promote innovation and entrepreneurship among its students.

**How did the IIEC come into existence?**  
The IIEC was established in 2019, following the success of the NIT Srinagar's Innovation Incubation Centre (IIC) in 2017. The IIEC is a part of the NIT Srinagar's efforts to promote innovation and entrepreneurship among its students.

**How has the IIEC changed since its inception?**  
The IIEC has grown significantly since its inception. It has now become a hub for students to showcase their ideas and projects. The centre has also started offering various services to its students, such as mentorship, funding, and incubation.

**What are the challenges faced by the IIEC?**  
The IIEC faces several challenges, including a lack of funding, limited infrastructure, and a lack of awareness among students. However, the centre is working to overcome these challenges and is committed to providing a platform for students to showcase their ideas and projects.

**How can students get involved with the IIEC?**  
Students can get involved with the IIEC by submitting their ideas and projects to the centre. The centre will then provide them with the necessary support and resources to develop their ideas into a viable business plan.

**What are the future plans of the IIEC?**  
The IIEC has several future plans, including expanding its reach to other parts of the NIT Srinagar campus, offering more services to its students, and increasing its funding. The centre is committed to providing a platform for students to showcase their ideas and projects.

**Dr Saad Parvez** is a senior faculty member at NIT Srinagar. He has been working in the field of innovation and entrepreneurship for over 10 years. He has also been involved in several startups and has helped many students to develop their ideas into viable business plans.

**What are the key factors for success in innovation and entrepreneurship?**  
The key factors for success in innovation and entrepreneurship are a clear vision, a strong team, and a willingness to take risks. It is also important to have a good understanding of the market and to be able to adapt to changes.

**How can students develop their innovation and entrepreneurship skills?**  
Students can develop their innovation and entrepreneurship skills by participating in various activities, such as workshops, seminars, and competitions. They can also seek mentorship from experienced professionals.

**What are the benefits of innovation and entrepreneurship for students?**  
Innovation and entrepreneurship can provide students with a number of benefits, including the opportunity to develop their skills, gain experience, and create their own business. It can also help them to become more confident and motivated.

**How can the IIEC help students to develop their innovation and entrepreneurship skills?**  
The IIEC can help students to develop their innovation and entrepreneurship skills by providing them with the necessary support and resources. This includes mentorship, funding, and incubation.

**What are the challenges faced by the IIEC?**  
The IIEC faces several challenges, including a lack of funding, limited infrastructure, and a lack of awareness among students. However, the centre is working to overcome these challenges and is committed to providing a platform for students to showcase their ideas and projects.

**What are the key factors for success in innovation and entrepreneurship?**

**Speakers jointly pitch for joint efforts for the preservation of the environment and ecosystem**

## NIT Srinagar celebrates World Environment Day

### Speakers jointly pitch for joint efforts for the preservation of the environment and ecosystem

Srinagar, June 05: National Institute of Technology (NIT) Srinagar on Sunday organized the 2nd edition of the environmental symposium titled 'Our Relation With Nature' in collaboration with PSA, Institute's HCE Student Chapter, and Nigen Lake Conservation Organization (NLCO).

The function was presided over by the Prof (Dr.) G A Harmain (Former Dean R&C) and was the chief guest for the award ceremony. Prof. Harmain urged students to protect and conserve the environment at the individualistic level.

In his message, Director NIT Srinagar, Prof. (Dr.) Rakesh Sehgal highlighted the objectives of world environment day and stated that the administration is committed to supporting all pro-environment initiatives.

He said the slogan for World Environment day 2022 is "Only One Earth", which focuses on living sustainably in harmony with nature. Our planet is facing multiple crises from climate change to loss of biodiversity and an increase in carbon emissions," Director NIT conveyed.

Registrar Prof. Syed Kaiser Bukhari in his telephonic message said that engineers have an important role in society and they are called builders of any nation. He laid emphasis on importance of forests and their role in

the environment.

Chairman NLCO, Manzoor Ahmad Wangmo said that in Kashmir, we have polluted each and every water body and wetlands and have turned them into the most terrible condition.

He said the objective of celebrating environment day is to make the younger generation more sensitive toward environmental protection, particularly water bodies. He mentioned Khushalsar in his address.

Chairman, PSA G N Var, who supported the event said trees play an essential and important

part in our ecosystem. Planting saplings is a future investment and we must encourage such practices on our campus. He coordinated the school children from almost all districts of the valley.

He appreciated the MA Shah's efforts in organizing such events on the campus. He said PSA will be holding such events in the future also.

Dr G N Qasbi, in his address, said that we have to preserve the environment and gave importance to cleanliness. He has made emphasis treatment plant for waste near NIT Srinagar. In his brief address

he has appreciated Dr. Shah for such wonderful programmes.

Shri M S Pandith, Former Chairman PSC, in his speech asked students to take active part in conserving the eco system. "Both engineers and environmentalists can work jointly for a sustainable government. We need joint efforts to preserve the environment," he said.

HoD Physics, Prof. MA Shah was Chairperson of the symposium, while Dr. Taiseer Rasool and Dr. Zubair Ansari were the coordinators for the day-long program.

In his keynote address, Dr. Shah highlighted the importance of forests and their role in the environment. He said the main goal of the program was to encourage students to take a leading role in protecting the environment at grass root level.

He expressed his gratitude to Director NIT Srinagar Prof. Sehgal, Prof M P Wani and Registrar NIT Prof. Syed Kaiser Bukhari for their support in organizing such events on the campus.

The event was followed by Quiz, debate, Essay and painting competitions. A galaxy of Students volunteers of Eco Cult headed by Mr Fasil and ICH E have coordinated of these segments.

Prof M S Mir, Dean Alumni, who felicitated the guests, faculty members, and students for making the event successful. He also pitched for a safe and clean environment. "From climate change and marine pollution to the depletion of flora and fauna, environmental issues have only increased with each passing decade," Prof. Mir said.

Later the winners of these events were felicitated by galaxy of guests, Prof Mir, Prof Harmain, Prof N A Sheikh, Mr Var, Mr Ashai, Mr Wangmo and Er Ijaz Nagashbandi and other dignitaries. The proceeding were conducted by Miss Sane and her team of Eco Cult.

## Week-long training workshop on '5 Axis CNC Machine' begins at NIT Srinagar

'We should take benefits from such machines and allot small projects to our students' Prof. Sehgal

### Week-long training workshop on '5 Axis CNC Machine' begins at NIT Srinagar

'We should take benefits from such machines and allot small projects to our students' Prof. Sehgal

SRINAGAR : A week-long high-end training workshop on '5 Axis CNC Machine' began on Wednesday at National Institute of Technology (NIT), Srinagar, and more than 150 participants attended the inaugural session of the event.

The program is organized by the Department of Mechanical Engineering, and Innovation, Incubation and Entrepreneur Development Centre (IIEDC) and is sponsored by the Science and Engineering Research Board (SERB), under Accelerate Vigyan (Karyashala scheme) of DST.

The inaugural session of the workshop was presided over by Director NIT Srinagar, Er. Hafizullah Khan who was the chief guest for the session while Dr. Dinesh Kumar Rajendran is the coordinator of the program.

In his presidential address, Director NIT Srinagar, Prof. Bukhari said that NIT Srinagar has shown tremendous growth in the areas of research and development, which is visible by the number of projects procured by faculty and the number of research articles that have been published in top journals, he said.

'I hope that this workshop proves to be a stepping stone towards the public-private partnership at our end. We have designed high-tech labs not only to be utilized for academicians but we invite practitioners from diverse fields to visit our labs and utilize them in the best possible manner,' he said.

Prof. Bukhari also stated that NIT Srinagar's NIRF ranking also jumped 120+ places this year and two departments also got NBA accreditation. Despite Covid-19, placement percentage was also increased during the past two years, he said.

Apart from starting new PG courses, Prof. Bukhari said NIT Srinagar has shown tremendous growth in the areas of research and development, which is visible by the number of projects procured by faculty and the number of research articles that have been published in top journals, he said.

'I hope that this workshop proves to be a stepping stone towards the public-private partnership at our end. ### Startup Move Beyond signs MoU with IIEDC, NIT Srinagar

K H NEWS SERVICE | SRINAGAR

Startup Move Beyond Monday signed a Memorandum of Understanding (MoU) with Innovation and Incubation Entrepreneurship Development Centre (IIEDC) of National Institute of Technology (NIT) Srinagar.

The MoU was signed by Sheikh Inayat Ullah, Founder of Move Beyond, and Prof. Saad Parwez, Head-IIEDC NIT Srinagar.

The main objective of MoU was to reach out to youth of Jammu & Kashmir for success of the International Youth Outreach and Employment Program (IYOEP).

"To help the aspiring youth in fulfilling their aspirations and socioeconomic needs primarily career counseling, awareness programs, mentorship, skill development, life counseling, employability, and rehabilitation," reads the MoU conv.

In his message, Registrar NIT Srinagar, Prof. Kaiser Bukhari

also conduct authenticity exercises to avoid fraud or duping of students and collaborate and engage in partnerships at state, national and international levels for the furtherance of objectives. "The idea is to inspire and provide direction to the aspiring students who are in the process of making and shaping their careers," he said. Chief Consultant of startup is Prof. Nisar Ali, economist of repute, formerly Advisor to J&K Govt, Higher Education Department.

During the LG Manoj Sinha visit to NIT this year, Move Beyond was hailed and was promised all financial and administrative support by the administration.

The startup has already been connected to the educational institutions in the Kashmir region and the financial support is also being worked out through the Department of Mission Youth, J&K Govt.

in fulfilling their aspirations and socioeconomic needs primarily career counseling, awareness programs, mentorship, skill development, life counseling, employability, and rehabilitation," reads the MoU conv.

On the occasion, Registrar NIT Srinagar, Prof. Kaiser Bukhari, who is also the Head Patron IYOEP, said that supporting local organizations like Move Beyond for regional development is one of the fundamental responsibilities.

He said proper guidance helps students to analyze their strengths and weaknesses and helps in finding the perfect career path. "We have NIT Srinagar and Move Beyond teams will work intensively for the progress of student community in the region and regular awareness and counseling programs for them," he said.

Registrar NIT Srinagar, Prof. Kaiser Bukhari said the signing of this MoU will bring both organizations closer to working together. "There is no dearth of talent among the youth of Kashmir but

there is a need for proper guidance, counseling to enhance and encourage their aspirations. Prof. Bukhari said all they need is basic handholding which I am sure that Move Beyond shall address this vital issue. IIEDC said Move Beyond is a social startup by youth and for the youth. "We are working hard to make this initiative a great success," he said.

SRINAGAR, MARCH 4: The Institutions Innovation Council (IIC) and Innovation, Incubation and Entrepreneur Development Centre (IIEDC) in association with Ministry of Micro, Small and Medium Enterprises on Friday organized a joint awareness seminar on 'Entrepreneurship and MSME Schemes' at National Institute of Technology (NIT) Srinagar.

NIT Srinagar, Prof. (Dr.) Rakesh Sehgal appreciated the organizers for organizing seminar on Entrepreneurship and MSME Schemes. Such initiatives are aimed to provide a stress-free atmosphere on the campus, he said. "Our society is transforming rapidly, and in this growing and changing era, there is an urgent need to include global awareness issues in our local discussions. It is important for all-round development of students," he said. Registrar NIT, Prof. Kaiser Bukhari appreciated the organizers of the daylong seminar. He said the primary aim of the event was

Saheer Alagband. He explained what makes an entrepreneur different from a job seeker and discussed the need for entrepreneurs in Kashmir valley.

Alagband also explained about the various schemes in MSME and assured the participants come up with a better idea and he will help in getting financial support. The participants were very eager and asked too many questions about various entrepreneurs' backgrounds also different schemes in MSME to start with their ventures.

Head Innovation, Incubation & Entrepreneurship Development Centre

He said IIEDC is on a perpetual journey of deepening the start-up activities in Jammu & Kashmir, especially the valley, by attempting, to solve problems of common people at the individual or community level.

"With the application of knowledge and expertise pursuing product development along with the budding entrepreneurs," he said.

Earlier, Dr. Dinesh Kumar Rajendran, Convener IIC of NIT Srinagar addressed the gathering and stated that they are conducting their activities on regular basis.

The primary motive

a vote of thanks to all participants, students for making the event successful and also narrated the year-long activities of the Institutions Innovation Council at NIT Srinagar.

**SRINAGAR:** The Innovation, Incubation, and Entrepreneurship Development (IIED) Centre of the National Institute of Technology Srinagar (NIT) organized Internal Smart India Hackathon 2022 on the campus.

Director NIT, Prof. (Dr.) Rakesh Sehgal was the chief guest for the event, Head IIEDC Dr. Saad Parvez was a special guest on the occasion, and Dr. Dinesh

## NIT Srinagar's IIED Centre's organizes internal Smart India Hackathon

Srinagar, Mar 20: The Innovation, Incubation, and Entrepreneurship Development (IIED) Centre of the National Institute of Technology Srinagar (NIT) organized Internal Smart India Hackathon 2022 on the campus.

Director NIT, Prof. (Dr.) Rakesh Sehgal was the chief guest for the event, Head IIEDC Dr. Saad Parvez was a special guest on the occasion, and Dr. Dinesh Kumar Rajendran, Convener, IC, NIT Srinagar was coordinator of Internal Smart India Hackathon 2022.

In his key address, Prof. Sehgal talked about the growing startup culture and its rise among youth. He congratulated all participants and encouraged them to be part of such events in the future.

Registrar NIT Srinagar, Prof. Syed Kaiser Bukhari appreciated the

organizers for conducting Hackathon 2022 on the campus. He said these activities are need of the hour and will give exposure to depth knowledge to the participants.

"NIT Srinagar will be organizing similar programs in future also," Prof. Bukhari said.

Head IIED Centre, Prof. Saad Parvez also talked about growing startup culture and how IIEDC is helping to grow that culture in NIT Srinagar as well as in the Kashmir valley.

"This Hackathon is going to be a pivotal point for building entrepreneurs. IIEDC is always there to help these budding entrepreneurs in the region," he said.

The event was attended by hundreds of NIT Students in both online and offline mode. The ideas presented by each team were unique

a myriad of problems solving. Dozens of Students teams from NIT Srinagar pitched their startup ideas in front of the Jury Panel consisting of Dr. Dinesh (Assistant Professor, Dept. of Mechanical Engineering), Dr. Venkatesh K (Assistant Professor, Dept. of Computer Science & Engineering), and Mr. Shahrukh (Incubation Manager, IIEDC-NIT Srinagar).

The closing remarks were presented by Dr. Dinesh, Assistant Professor, Dept. of Mechanical Engineering. He congratulated all participants and talked about these initiatives are of great help to society and to the future of the nation as well as the world.

Dr. Kumar also appreciated the IIEDC team for organizing the event and for the smooth conduct of the event.

Smart India Hackathon is a nationwide initiative to provide students with a platform to solve some of the pressing problems we face in our daily lives, and thus inculcate a culture of product innovation and

### IIED Centre of NIT Srinagar bags Best Innovation Council award from MoE Director, Registrar NIT extend greetings

Srinagar, July 29: The Innovation, Incubation and Entrepreneurship Development Centre (IIEDC) of National Institute of Technology (NIT) Srinagar has bagged 'Best Innovation Council Award of North West Region' by the Innovation Cell of Ministry of Education (MoE) in Jaipur.

The Innovation Cell of MoE had organized Institutions Innovation Council (IIC) regional meet for North West Zone including Delhi, Haryana, Rajasthan, Punjab, Chandigarh, Jammu, Kashmir and Ladakh in Amity University Jaipur.

There were two categories of awards bestowed by MoE for Best IIC Institute and Best Innovation Prototype. Among 40 registered IIC institutes in the North West region, 111 institutes participated in Journey and Achievements of Innovation and Entrepreneurship for the year 2021-2022.

Dr. Dinesh Kumar Rajendran, Convener IIC, NIT Srinagar, represented NIT Srinagar's IIC activities through a poster presentation.

Journey towards innovations and Entrepreneurship ecosystem.

moE.

In his message, Director NIT Srinagar, Prof. (Dr.) Rakesh Sehgal congratulated the faculty, research scholars, and staff members. "IIED Centre has done commendable work on innovation and Entrepreneur ecosystem in the Kashmir valley collaborating with Ministry of Innovation and MSME," he said.

Prof. Sehgal also appreciated the work put in by Dr. Saad Parwez, Head IIEDC and President IIC for his tremendous contribution to innovation.

He also congratulated Dr. Dinesh Kumar Rajendran, Convener IIC for making creative poster and presenting at Amity University Jaipur representing the IIED Centre of NIT Srinagar.

Institute's Registrar, Prof. Syed Kaiser Bukhari extended his greetings to all faculty colleagues and stated that IIED Centre NIT Srinagar has performed commendable work on innovation in Kashmir valley.

Prof. Bukhari endorsed the contribution

IIC for their continuous contributions towards innovation.

Prof. M.F.Wani, Dean (R&C) in his address said innovation and research are part and parcel of an academician. This bridges the gap between the industry and Institute.

"Product based research are getting more attention in India started promoting Mind to Market strategy by different schemes like start-up India, Make in India etc," he said.

Prof. Wani also extended his hearty congratulations to the entire team of IIEDC and IIC for their contribution to the growing innovation culture across the campus and valley.

Dr. Saad Parwez, Head IIEDC and President IIC appreciated the effort and active participation of the entire innovation community of the valley, especially Dr. Nour, Dr. Dinesh and Mr. Irfan Sadiq of IIEDC.

"Innovation and Entrepreneurship are going to be the backbone of our country with a billion population holding brilliant minds

## NIT Srinagar selected as TIFAC Academic Partner for J&K

SO NEWS DESK

SRINAGAR, SEPT 07: National Institute of Technology (NIT) Srinagar has been selected as TIFAC Academic Partner (TAP) for J&K region with a financial support of Rs 40 lakhs under TIFAC MSME Program by the Department of Science and Technology (DST). The Innovation, Incubation and Entrepreneurship Development (IIED) Centre will get Rs 40 lakhs from TIFAC for assessing technology needs of MSMEs, especially in context of local requirements with respect to becoming "Atma Nirbhar". The duration of support will be for a period of up to 2 years.

### NIT Srinagar selected as TIFA Academic Partner for J&K

SRINAGAR: National Institute of Technology (NIT) Srinagar has been selected as TIFAC Academic Partner (TAP) for J&K region with a financial support of Rs 40 lakhs under TIFAC MSME Program by the Department of Science and Technology (DST).

The Innovation, Incubation and Entrepreneurship Development (IIED) Centre will get Rs 40 lakhs from TIFAC for assessing technology needs of MSMEs, especially in context of local requirements with respect to becoming "Atma Nirbhar". The duration of support will be for a period of 2 years.

Director NIT Srinagar, Prof. (Dr.) Sehgal said the IIED Centre, NIT Srinagar has been selected for a financial support under the TIFAC MSME Program calling it a proud move for the institute. The IIED Centre is actively involved in various innovation and entrepreneurship-related activities for last couple of years.

The director extended greetings to Dr Saad Parvez

for the project and they are the investigations for the TIFAC MSME project. The director said that the grant will be utilized to strengthen the interaction between academia and MSME industry towards identifying the technological gap areas. He said NIT Srinagar is the only institute selected as TIFAC Academic Partner by DST for Jammu and Kashmir.

Institute's Registrar, Prof. Syed

He said the TIFAC MSME project will boost industry academia collaborations in the valley and will also provide opportunities for the students related to industry exposure. Prof. Bukhari also congratulated Dr Saad and Dr Noor for their numerous achievements in making NIT Srinagar almost self-sufficient. He said this grant support is recommended by DST New Delhi based on the incredible innovation and incubation capabilities of the IIED Centre of the Institute.

MSME's in terms of technology development in various clusters including that cluster. Pushing the wearing cluster etc. and will encourage start-up. Dr Saad, Head IIED congratulated the IIED Centre team and the whole institute. He said the grant will boost the industry academia relationship. He said the IIED Centre is trying hard for the development of the institute and also contributing significantly to innovation and entrepreneurship.

institute's development to the next level and added that NIT Srinagar has been taking a lead role in this regard.

He concluded that this grant will help in providing hands-on engagement and practical experience to the students and faculty involving technical challenges in the industry and nurturing an innovation ecosystem that benefits both the industry as well as the technical institutions.

Dr Saad mentioned that the IIED Centre of NIT Srinagar aims to coordinate and leverage through innovation, incubation and entrepreneurship, an ecosystem fostering a culture of cutting edge technology making NIT Srinagar the backbone of innovation in Jammu and Kashmir in science and technology by offering technical solutions through innovation, with emphasis on national growth and social upliftment.

Dr Noor said the grant will be utilized in establishing a platform for the MSME cluster industries to access R&D and technical support leveraging the knowledge base of faculty and knowledgeable business

### NIT Srinagar's 'Move Beyond'

Career Counselling helps students to understand their strengths and weaknesses: Director NIT

SO NEWS DESK

**SRINAGAR** - The National Institute of Technology (NIT) Srinagar's social start-up Move Beyond: A Career Counselling School & Entrepreneurship Development Centre (IED) launched its first episode of weekly online educational series 'Career Chat' as a part of International Youth Outreach and Employability Program.

Career Chat is an exclusive educational series started by Move Beyond with an aim to connect the eminent career achievers with the aspiring students of J&K to inspire and provide direction and help them in the pro-

cess of making and shaping careers.

Director NIT Srinagar, (Dr.) Rakesh Sehgal is the Patron of the educational series while as Head IEDC Prof. Parvez is patron and Dr. Shabbir Ullah is Program Director of the series respectively.

In his message, Prof. Sehgal appreciated the Move Beyond team for conducting online educational series on relevant topics. Career Counselling helps students to understand their strengths and weaknesses regarding to their present profession, he said.

Registrar NIT, Prof. Bukhari in his message

### 'Move Beyond' launched its online educational series

Counselling helps students to understand their strengths and weaknesses: Director

present course or profession, he said. Registrar NIT, Prof. Bukhari in his message said NIT's Move Beyond will be conducting such webinars and workshops in the future.

Dr. Shabbir provided some enlightening suggestions to students for framing their SOP (Statement of Purpose), CV, and recommendation letter while applying for foreign scholarships.

He also emphasized the importance of proper research of available scholarships of any country before applying and then opting for a suitable one. He then laid importance on the role of parents in guiding and shaping the career of their children.

Dr. Shabbir is an Associate Biotechnologist at Brigham and Women's Hospital. He has won several awards that include Department of Biotech, India Fellowship award for two years, Endeavour Award from Australia, Birla National Science Foundation (NSF) Early and Advanced Awards in 2015 and 2017 respectively.

The program was streamed live on the

Facebook page of the program. He also shared his journey from Kashmir to Harvard with the audience and highlighted the need and importance of career counselling and planning for the students at a young age.

## World-famous cardiologist Dr Riyaz Bashir delivers lecture on medical innovations at NIT Srinagar

*'Such lectures are aimed to provide a vibrant platform for students: Director*

Srinagar, May 19: World famous cardiologist Dr Riyaz Bashir MD, FACC, who is Professor of Medicine, Lewis Katz School of Medicine at Temple University, USA, Wednesday delivered an expert lecture on medical innovations at National Institute of Technology (NIT) Srinagar.

The event was organized jointly by MSME, Development Institute Srinagar in collaboration with MSME- Business Incubation Centre and IIED Centre.

The event was presided over by Director NIT Srinagar, Prof. Rakesh Sehgal, and world-renowned cardiologist Dr Riyaz Bashir who is also Director, Vascular and Endovascular Medicine and co-inventor of the Bashir™ Endovascular Catheter was the chief guest on the occasion.

In his presiding speech, Director NIT, Prof. Sehgal said new innovations are important and vital for any engineering institution. From medical sciences to agriculture, India is progressing in every field of science and technology. No technology will be successful until we make it sustainable, he said.

Prof. Sehgal also expressed his gratitude to Dr Riyaz Bashir for delivering a memorable lecture on medical innovations. Hosting such renowned personalities is the need of the hour, he said.

Institute's Registrar, Prof.

Syed Kaiser Bukhari said research and innovation are essential to increase the abilities of young minds.

"We need to develop and test solutions; predict outcomes and mitigate harm and make informed policy decisions," he said. Prof. Bukhari said research and innovation are critical for generating new knowledge, building new infrastructure, and educating innovators and entrepreneurs. In his key address, Dr Riyaz Bashir delivered his lecture on medical innovations and shared his aspiring journey from Kashmir to the USA with the young innovators.

"Our team is working on removing the blockage of lung arteries by a blood clot results in pulmonary embolism – a condition requiring emergency care that affects thousands of patients across the globe," he said.

Dr. Bashir further said existing treatments, however, may not fully remove the clot, necessitating the development of new therapeutic strategies for pulmonary embolism.

His team has developed a device known as the Bashir™ Endovascular Catheter (Thrombolex, Inc.), which effectively dissolves the clots in the lungs, with no major bleeding risk.

Dr Bashir also urged young innovators to focus on a problem and then try to find the best solutions possible. "Universe will conspire to make it successful if your intention is to help people and impact lives," he said. Assistant Director, MSME Development Institute Srinagar, Saheel Yaqoob Alaqband said the program was aimed to motivate young innovators, and how they will take their innovation to commercial stage. "Ministry of MSME funds those innovations which have commercial potential and later can change the lives of the people. Dr Riyaz is an example for young innovators," he said.

On the occasion Head IIED Centre, Prof. Saad Parvez talked about the growing startup culture and how their centre is helping to grow that culture at NIT Srinagar as well as in Kashmir.

### NIT Srinagar's IIED Centre launches MSME Idea Hackathon-2022

**SO NEWS DESK**

SRINAGAR - National Institute of Technology (NIT) Srinagar's Innovation Incubation and Entrepreneurship Development (IIED) Centre on Thursday launched MSME's Idea Hackathon-2022 to invite ideas from innovators and students till March 24, 2022.

Director NIT Srinagar, Prof. Babul Sehgal said the prime objective of the scheme is to promote and support untapped creativity of individuals. It will also promote the adoption of latest technologies in manufacturing as well as knowledge-based innovative MSMEs, he said.

Prof. Sehgal said it is a proud movement that NIT Srinagar is the host institution for MSME Idea Hackathon-2022 in J&K and incubators' selected ideas will be provided funding support up to Rs. 15 lakhs per approved idea, to develop a prototype, he said.

Institute's Registrar, Prof. Syed Kaiser Bukhari said Idea Hackathon is the endeavour of the Ministry of MSME to enable MSMEs to put on their thinking caps. "To create innovative solutions while looking out for local solutions to the local problems, that could be the generation leap country's needs, to transform its social, cultural and economic ecosystem into a world leader," he said.

Head IIED Centre, Professor Saad Parvez said ideas in MSME Idea Hackathon 2022 are being invited from idea innovators, students with great ideas, innovations and

# Developing Career Guidance Ecosystem in J&K

## Workshop stresses on developing career guidance ecosystem in JK

BK News Service

Srinagar, Jan 11: The three-day workshop on 'Career Guidance and Counselling Orientation Program' organized by Move Beyond in collaboration with IIEDC, NIT Srinagar, UNICEF India and SCERT-JK concluded on Saturday at Bemina, Srinagar. The workshop was attended by government teachers from various government schools of the Valley.

The program was provided over by Prof. (Dr.) Rakash Sehgal, Director NIT Srinagar was Chief Guest and Chief Resource Person on the occasion, while Danish Aziz, Education Specialist, UNICEF India was 'Guest of Honor'.

Addressing the gathering, Prof. Rakash Sehgal, Director of NIT Srinagar said there is need to develop career guidance ecosystem in Jammu and Kashmir. It helps students choose the right career path based on their educational and professional choices.

He also praised Move Beyond, the startup of NIT Srinagar for doing a commendable job by empowering students and teachers.

"It provides them career guidance, and

information and exploring different career paths that are in tune with their (students) strengths and personality," he said.

Prof. Sehgal also highlighted NEP 2020 and its role in the career guidance and

counseling ecosystem in the country. NEP 2020 brings forth such an educational system where students are empowered to exercise their right of choice, he said. "NEP 2020 emphasizes the career guid-

ance and counseling ecosystem in schools. We have supported and will continue to support Move Beyond for their career guidance initiatives in the best possible manner," Prof. Sehgal said.

In his message, Registrar NIT Srinagar, Prof. Syed Kaiser Bukhari said that career guidance and counseling are important for career progression and achieving big milestones in today's world.

"There is no dearth of talent among the youth of Kashmir but there is a need for proper guidance, counselling to enhance and encourage their capabilities," Prof. Bukhari said.

Danish Aziz, Education Specialist, UNICEF India, who was Guest of Honour said UNICEF is committed to developing and supporting the career ecosystem of J&K and is doing everything possible to make it robust and student-centric.

In his message, Head IIEDC, NIT Srinagar, Dr. Saad Parvez said that it is glad to see that SCERT-JK has taken an initiative for capacity building of teachers on career counselling. It will have a long-lasting impact on the student community, he said.
