

Career Opportunities in Civil Engineering

Guest lecturer : Dr. Manjeet Bansal, Professor at MRSPTU, BATHINDA
PUNJAB

Event Date : 15 MARCH 2024

Location : Lecture Hall 5

Venue : Faculty Present : Dr. Parmeshwar, Dr. Jitendra Gurjar

Event Day

The Civil Engineering Students' Association (CESA) of NIT Srinagar hosted a seminar featuring guest lecturer Dr. Manjeet Bansal, Professor, Maharaja Ranjit Singh Punjab Technical University, Punjab on "Career Opportunities in Civil Engineering". Parameshwar sir welcomed the guest and faculty members graced the occasion setting the stage for an insightful session. The guest emphasized the evergreen nature of civil engineering and highlighted the three main scopes: private, government, and entrepreneurship. He advocated for individual focus and specialization within these scopes, emphasizing the importance of choosing one's career path wisely. Opportunities in private companies and government exams like GATE and IES were discussed in detail. Within entrepreneurship, he highlighted various avenues such as becoming a structure designer, surveyor or loss accessor in government contracts, exploring contractorship opportunities, engaging in laboratory work, specializing in estimation and costing and working as a total station surveyor. Furthermore, he discussed government schemes that support entrepreneurs, emphasizing the role of young professionals in driving innovation and progress. The session included engaging interactions between the audience and the guest culminating in a Q&A session. Parameshwar sir extended gratitude in the vote of thanks concluding with the distribution of memento to the guest. This marked the culmination of this successful and enlightening event inspiring attendees to embark on their professional journeys with clarity and purpose.
