Technology Club, Students' Gymkhana

Type of Activity:	Technology Club Orientation 2026
Date:	20th August 2026
Location:	NIT Srinagar Campus
Student Registration:	125 seats were made available through a dedicated registration app.
Attendance:	More than 125 students attended the event.
Organized by:	Technology Club, NIT Srinagar

Event Summary

The Technology Club of NIT Srinagar organized a technology-focused student event on **20th August 2026**, designed to introduce students to the club, its activities, robotics, artificial intelligence, prompt engineering, and interactive technology-based challenges. The session included a live connect with the Robonox team, a robotics demonstration, quizzes, a prompt engineering battle, audience interaction, felicitation, and a group photograph.

To manage participation, **125 seats were initially made available** and a dedicated app was developed for student registration. The response exceeded the planned capacity, with **more than 125 students attending**.

The program combined **robotics, artificial intelligence, prompt engineering, quizzes, and interactive audience activities** to create an energetic and engaging orientation experience. A key highlight was the **live interaction with the Robonox team**, which introduced students to the Robonox Student Chapter and its work, followed by a live demonstration showcasing robotics, automation, and technology in action.

Students also participated in a **Prompt Engineering Battle**, testing their creativity, AI knowledge, and ability to write effective prompts. This was complemented by activities such as **Guess the Tech** and an on-spot technology quiz, keeping the session interactive and giving freshers opportunities to participate rather than simply observe.

Highlights of the Orientation

- **Technology Club Introduction** – An overview of the club, its vision, activities, and opportunities for students.
- **Live Connect with Robonox** – An interactive introduction to the Robonox Student Chapter and its work.
- **Robotics Demonstration** – A live showcase of robotics, automation, and technology in action.
- **Robonox Quiz** – A short quiz based on the robotics demonstration.
- **Prompt Engineering Battle** – An AI-focused challenge encouraging creativity and effective prompt writing.
- **Guess the Tech** – A fun audience activity based on identifying technologies and technical concepts through clues.
- **On-Spot Quiz** – An interactive quiz covering technology-related concepts and the overall session.
- **Felicitation & Recognition** – Guests, contributors, and participants were felicitated as a token of appreciation.
- **Robonox Display & Informal Interaction** – Students had an opportunity to explore the robotics display and interact informally after the formal session.

Prize Distribution

Category	Prize*
1st Prize	Smartwatch + Cash Prize of 1,000/-
2nd Prize	Bluetooth Speakers + Cash Prize of 500/-
3rd Prize	Keyboard
On-Spot Prize	Mouse

*All gift prizes were sponsored by Robonox

Student Engagement

The orientation successfully moved beyond a conventional introductory session by combining **live demonstrations, hands-on-style challenges, quizzes, and audience interaction**.

Closing

The session concluded with closing remarks and a warm welcome for the freshers into the **Technology Club family**, followed by a group photograph involving guests, faculty, coordinators, club members, the Robonox team, and freshers. Students then had the opportunity to explore the Robonox technology display and interact informally over refreshments.
