## SANGAM AWARDS AND APPRECIATIONS

Tokens of Affection and Love (10 in Each Category)

**SANGAM** (Students Alumni Networking for Growth, Aspiration and Mentorship) serves as a dynamic platform for inspiration, networking, collaboration, and inculcating a culture of togetherness and creativity among students. It is a space where stories of leadership, resilience, remembrance, and innovation can ignite new pathways of growth and provide opportunities for students to engage in innovative activities through creative and technical programs.

In a historic gesture of gratitude, commitment, and affection, for the first time since the Institute's inception in 1960, awards and appreciations will be conferred on those who worked tirelessly for **SANGAM**, marking a landmark moment in the history of NIT Srinagar. These awards recognize academic excellence, innovation, hard work, coordination, and perseverance, ensuring that exceptional achievements are celebrated and nurtured for generations to come. This initiative marks a new milestone in the history of NIT Srinagar, ensuring that students across disciplines feel valued, motivated, and connected to the larger alumni fraternity. These awards will be presented annually during the **Alumni Academic Assembly - SANGAM**.

Henceforth, during SANGAM, 10 distinguished alumni, 10 alumni and faculty contributors, 10 faculty coordinators, and 50 students/Scholars (10 for best coordination in ABC, 10 for best articles in Bridges and Beacons, 10 in best coordination, 10 in best extraordinary activities and 10 for best services in hospitality & protocol) shall receive awards and appreciations. This recognition will celebrate achievements and inspire the entire NIT Srinagar community to work for the Alma Mater. This year, SANGAM Awards and Appreciations (SAA) are being introduced to honour the contributors who made outstanding contributions to making SANGAM 3.0 successful. The celebrations shall be held on 5 June 2026 at 4:00 p.m in the New Guest House. List attached, pending shall be communicated.

With kind regards,

Prof. M. A. Shah  
Dean, Alumni & International Affairs (DA&IA)  
National Institute of Technology Srinagar
