RTI Appeal Application Date	22/12/2023
Date of receipt of RTI Appeal by FAA	29/12/2023

Apropos your RTI Appeal dated 29/12/2023 made via the aforementioned RTI application; please note, that the undersigned has pursued the contents of your RTI application & subsequent appeal along with the relevant communication undertaken by the CPIO of this Institute and as such, upholds the following;

Decision:

The appellant has alleged that CPIO has provided incomplete/irrelevant information against the RTI Application. After perusing the records, it was noted that the CPIO in its reply dated 11/12/2023 has noted that no information was to be furnished citing that the interrogative queries do not fall under the ambit of information as defined u/s 2 (f) of the RTI Act, 2005. However, the CPIO has proceeded to furnish the partial information towards Point Nos.1 & 5 of the RTI application.

There-upon, perusing the details & the nature of the information sought in the RTI Application, this appellate authority is satisfied by the stand taken by the CPIO. This is reiterated in Dr. Celsa Pinto Vs. Goa State Information Commission (W.P.No.419 of 2007), the High Court of Bombay, in its order dated 03.04.2008, held: - "*The definition (of information) cannot include within its fold answers to the question "why" which would be the same thing as asking the reason for a justification for a particular thing. The Public Information Authorities cannot expect to communicate to the citizen the reason why a certain thing was done or not done in the sense of a justification because the citizen makes a requisition about information. Justifications are matter within the domain of adjudicating authorities and cannot properly be classified as information.*"

12/2/24

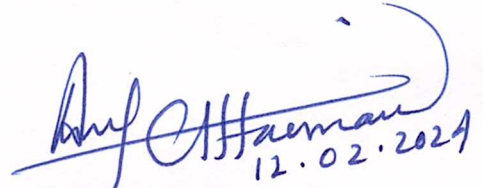

As such, the records reflect that the CPIO has acted in accordance with the provisions of the RTI Act, 2005. Hence, this Appellate authority upholds the decision taken by the CPIO in this regard.

Furthermore, it was observed that the appellant has proceeded to seek additional information in her appeal dated 29/12/2023. Accordingly, the CPIO was asked to obtain the respective information from the concerned departments/sections. As such, information about the same is duly reproduced as under;

- For point No. 1 & 2, the appellant may note that the date of joining of Mr. Gowhar Shafi Bhat as a Research Scholar in the Department of Mechanical Engineering is 11.12.2019. Further, Mr. Bhat has received the fellowship as Junior Research Fellow @ ₹35960/- per month and from 11.12.2021 as Senior Research Fellow @ ₹40600/- per month till December 2023.
- For point No. 3, please note that the Scholarship for July & August 2022 has been released duly on the recommendations of the concerned department.

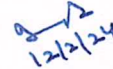

However, regarding the information about the attendance details of the Research Scholar, this appellate authority is satisfied that the same is exempted from disclosure as per section 8 (1) (j) of the RTI Act, 2005, as it pertains to a third party. Moreover, this Appellate Authority is of the opinion that there is no larger public interest involved in this particular instance that would warrant its disclosure.

The appeal is disposed of accordingly.
