

## Notice Regarding Conduct of Winter Semester 2023-24 (For BTech Students Having Backlogs)

Date: 23.11.2023

It has been decided that "Winter Semester (WS)" of five (05) weeks will be held during the winter vacation period immediately after the declaration of regular examination results, for 1<sup>st</sup> to 4<sup>th</sup> semester courses having significant number of students with backlogs. All the concerned students are advised to note the following with regard to the same:

### (i) Registration of Students and Applicable Fee

The registration for the courses floated will be compulsory for all the students having backlogs in those courses. The students will register for winter semester online paying a registration fee same as specified for examinations. No extra registration fee will be charged for the examinations. Physical verification is not mandatory for the registration in Winter Semester. The registrations will start on 28 Dec 2023 and the last date of registration is 04 Jan 2023.

### (ii) Who can Register for Winter Semester

All the students having backlogs in the floated courses are eligible to register except for students of 2023 admission batch who may fail in 1<sup>st</sup> semester regular exam of Autumn 2023 and students of 2022 admission batch who may fail in 3<sup>rd</sup> semester regular exam of Autumn 2023 (those becoming backlog holders, first time, in these exams are not eligible to register in the courses of these semesters in which they don't pass).

### (iii) Mode of Instruction

The instructions will be imparted in hybrid (online/offline) mode. The students will be given option of attending the lectures either in online or offline modes. The teacher will impart the instructions from institute campus only, even if all the students opt for online mode.

### (iv) Attendance and Evaluation

Final evaluation will be conducted only for those registered students who have attended minimum of 75% of the classes in the Winter semester. The evaluation will be conducted in the same pattern as in vogue for regular semesters except that continuous evaluation will be based on the interaction of the teacher with the students, their attendance and assignments, if any, given to them and mid-term will be evaluated based on class test(s) that may be conducted online by the course teacher(s). The End Term exam will be conducted offline (in physical mode) at the end of the instruction period, schedule for which will be notified separately by the examination section of the institute. The Continuous Assessment will carry 24 marks, Mid Term exam will carry 26 marks and End Term exam will carry 50 marks.

For laboratory courses the theoretical part will be completed during the instruction period and a few laboratory classes, as may be required, will be conducted once the students report

physically for the End Term exam. The End Term exam for the Laboratory Courses will be conducted during or after the End Term exam of theory courses.

### (v) Winter Semester Time table

The Heads of concerned departments will frame and issue the teaching time table, for the courses floated by each department, well before the start of the classwork.
