

Recognition of the Alumni Association National Institute of Technology/ (REC) Srinagar

A Moment of Legacy, Purpose and Reunion

_This certificate marks not just a legal milestone but a profoundly emotional and historic moment — the formal recognition of the Alumni Association of National Institute of Technology (REC), Srinagar under the Societies Registration Act of 1860. It is more than ink on paper; it is a testimony to enduring bonds, cherished memories, and a renewed commitment to collective purpose.

_Behind this milestone lies the quiet dedication, perseverance and vision of countless alumni who carried the dream forward — those who reached out, organized, consulted, drafted, and followed every step with devotion. Their efforts reflect the timeless spirit of NIT Srinagar — a cradle of learning where minds were moulded, friendships were forged, and aspirations took flight.

_This association is a bridge between generations — where the past meets the future, and nostalgia blossoms into action. It brings together technocrats, educators, entrepreneurs, and change-makers — all bound by a shared heritage and a desire to give back. These are not just alumni; they are torchbearers of a living legacy.

_Rooted in the vision of nation-building, NIT's Dream has always been to contribute to India's pride in innovation, technology, and self-reliance — and this association stands as a renewed pledge to that noble cause.

_Let this moment be a reminder of what is possible when hearts unite and minds align. May this association evolve into a vibrant platform for mentorship, innovation, social outreach, and institutional support — carrying the name of NIT Srinagar to greater heights, while remaining grounded in its noble roots.

_To all who pursued this vision — silently or visibly, near or far — your contributions are written into this chapter of history with gratitude and pride. **Congratulations** on this remarkable achievement. The journey has just begun — and it carries the promise of something truly lasting.
