NBA grants 3-year accreditation extension to two UG departments at NIT Srinagar

Director congratulates both departments, cites team effort

GK News Service
Srinagar, May 27

National Board of Accreditation (NBA) granted three-year accreditation extension to two undergraduate engineering programs at National Institute of Technology Srinagar (NIT) Srinagar.

As per NBA, two undergraduate courses including UG courses in Electronics & Communication Engineering and Mechanical Engineering have been accredited up to June-2027, in accordance with the 'Accreditation of Tier I Engineering Institutions under the Washington Accord'.

"An expert team conducted evaluation of the programs on 13th April 2024 to verify the data of the programs. The competent authority in NBA has decided accreditation of two programs on the basis of compliance reports for the academic years 2024-2025 to 2026-2027," it said.

In his message, Director NIT Srinagar, Prof. A. Ravinder Nath, congratulated the faculty, staff, and students on this achievement.

"NIT Srinagar has a long-standing tradition of excellence, and this milestone reaffirms our position as a premier institution. We are committed to fostering an environment that nurtures innovation and excellence in engineering education," he added.

Director NIT attributed this achievement to the contributions of all faculty members, especially Dr. Gausia Qazi, Head of Electronics & Communication Engineering, Prof. Adnan Qayaom, Head of Mechanical Engineering, Chairman NBA, Prof. Manzoor Ahmad Ahanger, Coordinator Dr. Harveer Singh Pali along with their entire team, for their exemplary work.

"It was a team effort, and all stakeholders performed their roles professionally," he added.

Institute's Registrar, Prof. Atikur Rahman said that NBA accreditation serves as a hallmark of excellence, signifying that our institution upholds superior standards in both infrastructure and faculty expertise.

"It opens doors to a plethora of opportunities for our students and faculty alike, ensuring that they are well-prepared to excel in their chosen careers and contribute meaningfully to the advancement of knowledge in their respective fields,"

he said.

NBA Accreditation implies that the Higher Education Institution has high-quality infrastructure and teachers. It provides better recognition from organizations for employment and research purposes.

Graduating from a Tier 1 NBA Accredited program increases the chance of placements and acceptance in the higher education institutions around the globe many-folds.

According to NBA, the purpose of the accreditation is to promote and recognize excellence in technical education in colleges and universities - at both the undergraduate and postgraduate levels.

They also benefit from the process of continuous quality improvement that is encouraged by the NBA's developmental approach to promote excellence in technical education. "It supports and advises technical institutions in the maintenance and enhancement of their quality of provision," it added.

NBA Grants 3-Year Accreditation Extension to Two UG Departments at NIT Srinagar

BuzzBytes

Srinagar, May 27: The National Board of Accreditation (NBA) has granted a three-year accreditation extension to two undergraduate engineering programs at the National Institute of Technology (NIT) Srinagar. The accredited programs include the undergraduate courses in Electronics & Communication Engineering and Mechanical Engineering, which have been accredited up to June 2027 under the 'Accreditation of Tier I Engineering Institutions under the Washington Accord'.

An expert team from the NBA conducted an evaluation of these programs on April 13, 2024, to verify the data provided. Based on the compliance reports, the competent authority at NBA decided to extend the accreditation for the academic years 2024-2025 to 2026-2027.

In his message, Prof. A. Ravinder Nath, Director of NIT Srinagar, congratulated the faculty, staff,

and students for this significant achievement. He emphasized that this milestone reaffirms NIT Srinagar's position as a premier institution committed to fostering innovation and excellence in engineering education.

Prof. Nath attributed this success to the collaborative efforts of all faculty members, especially Dr. Gausia Qazi, Head of Electronics & Communication Engineering; Prof. Adnan Qayaom, Head of Mechanical Engineering; Chairman NBA, Prof. Manzoor Ahmad Ahanger; and Coordinator Dr. Harveer Singh Pali, along with their entire team for their exemplary work.

"This achievement was a result of team effort, with all stakeholders performing their roles professionally," he added.

Institute's Registrar, Prof. Atikur Rahman, highlighted that NBA accreditation serves as a hallmark of excellence, signifying that the institution upholds superior

standards in both infrastructure and faculty expertise. He noted that this accreditation opens numerous opportunities for students and faculty, ensuring they are well-prepared to excel in their

careers and contribute to the advancement of knowledge in their respective fields.

NBA accreditation implies that a higher education institution possesses high-quality

infrastructure and qualified teachers. It provides better recognition from organizations for employment and research purposes. Graduating from a Tier 1 NBA accredited program

significantly enhances the chances of placements and acceptance in higher education institutions globally.

According to the NBA, the purpose of accreditation is to promote and recognize excellence in technical education at both the undergraduate and postgraduate levels. The process of continuous quality improvement encouraged by the NBA's developmental approach promotes excellence in technical education.

The NBA supports and advises technical institutions in maintaining and enhancing the quality of their educational provisions, ensuring that they meet the highest standards of excellence in technical education. This accreditation extension marks a significant milestone for NIT Srinagar, reinforcing its commitment to providing world-class engineering education and fostering a culture of continuous improvement and academic excellence.
