ONE WEEK WORKSHOP ON RESEARCH METHODOLOGY USING IBM SPSS & AMOS

(Under TEQIP-III)

September 14th-18th, 2019

Coordinator:
Dr Tahir Ahmad Wani

Organised by:
Department of Humanities & Social Sciences
National Institute of Technology Srinagar

RESOURCE PERSONS

Prof. Ramendra Singh
Indian Institute of Management Calcutta
IIM-C

Prof. Saiyed Wajid Ali
Centre for Management Studies
Jamia Millia Islamia

Prof. Amit Shankar
Institute of Management Technology
IMT-Ghaziabad

Further, best and reputed experts from other reputed institutions will deliver lectures and conduct training sessions during the course of the workshop.

SELECTION CRITERIA

Since the seats are limited, the selection will be done on first come first serve basis. Interested candidates can register themselves at: <https://forms.gle/FiC11znR5Xtf8d8S8>

Last date of registration is 15th July 2019

ABOUT US

About the Institute

National Institute of Technology Srinagar was established in the year 1960 as Regional Engineering College (REC) by Government of India during the first Five Year Plan (1956–61). It was given the status of National Institute of Technology in the year 2002, and functions under the aegis of Ministry of Human Resource development (MHRD), Government of India. As an Institute of National Importance, it imparts high quality technical education in Engineering, Technology and Science to produce competent technical manpower for the country.

Location

The institute is located on the western bank of the world famous Dal Lake near the Hazratbal Shrine in the north eastern region of the Srinagar city. The institute is located 23 km from the Srinagar International Airport and 13 km from Srinagar railway station.

About the Department

The Department of Humanities and Social Sciences was established in 1960 with other departments of the Institute. The Department of HSS offers a very rigorous syllabus to familiarize engineering students with modern concepts of Management, Social Sciences, Communication Skills, & English language. The subjects like Management and Economics go a long way in improving the professional capability of the students who have a potential market both in public and private sector. The courses intend to enhance their employment opportunities in the growing private sector. Department of HSS offers Ph.D programmes in various areas of Management and English.

ABOUT THE WORKSHOP

Most of the young researchers in social sciences feel themselves handicapped in the selection of an appropriate statistical tool, understanding its theoretical concept and interpretation of results in a meaningful way. It is difficult for a person who is not well versed with research methodology and the core philosophy of statistics to arrive at a meaningful conclusion. The workshop aims to expose the participants towards simple and exhaustive ways of data analysis through interactive and practice-based sessions along with theoretical learning. Well designed and structured training sessions covering the topics outlined in the programme will be organized. The topics have been so chosen that the issues of research methods and data analysis will be understood even by participants who do not have any initial background of Mathematics and Statistics. This workshop is designed to appeal the different learning styles, with an emphasis on active interactive participation through lab sessions running along the theory sessions. Participants will be provided with sample data set to analyse so that they may gain confidence and expertise in conducting research in their respective subject domains especially in the area of social sciences.

ORGANISING COMMITTEE

Patron

Professor (Dr.) Rakesh Sehgal
Director,

National Institute of Technology Srinagar

Convener

Prof Mir Mukhtar Ahmad
Head,

Department of HSS, NIT Srinagar

Coordinator

Dr Tahir Ahmad Wani

Organising Team

Dr Jaya Shrivastava	Dr Mubashir Majid Baba
Mr Shouib Shah	Mr Ather Sidiq
